MADE IN THE COTSWOLDS

## Chiswick 4 Light Pendant

---

Chiswick is a traditional design featuring a modern twist by applying dimmable LED technology so no bulbs can be seen. This gives the illusion of aesthetic glass spheres filled with mysterious light, providing architectural curiosity to any design scheme.

Chiswick looks conventional yet significant and will project a visual statement in its intended environment.

4 x 2.5w LEDs (Lumen Output 1060) Colour Temperature 3000K

Product code: **CHI0475**

### Dimensions
