(PACK

of 6) LED SES/E14 Candle Light Bulb (Lamp) 4w 350lm 2200k

This LED vintage flame tip candle bulb by Dar Lighting consumes just 4W of electricity, making it a highly energy-efficient alternative to a traditional incandescent bulb. The bulb is dimmable and compatible with modern dimmers designed for LED light sources. Additionally, it can be used with a standard ON/OFF switch if dimming functionality is not required. The bulb features an SES (E14) cap and an amber glass envelope. When switched off, it exhibits a white, twisted LED filament, embracing the look of traditional bulbs and without the distracting glare of the more common yellow toned LED filaments. It reaches full brightness in under 0.5 seconds, providing instant illumination-unlike older fluorescent energy-saving lamps that often flickered upon activation. The LED bulb has a colour temperature of 2200K, offering a warm white light similar to that of a traditional incandescent bulb. The amber glass enhances its mood-lighting aesthetic that naturally lends itself to this style of bulb. This energy-saving lamp delivers 350 lumens, equivalent to the light output of a conventional 25W bulb. With a lifespan of 15,000 hours, it lasts over ten times longer than a standard incandescent bulb, ensuring long-term reliability and reduced maintenance.

SPECIFICATIONS:

Product code:	BUL-E14-CDT-V1
Measurements:	H11.8 x Ø3.5cm
Shade Included:	Not Required
Primary Bulb Detail:	1 x 4w max SES CNDL
Bulb Included:	Lamp not included
Lumens:	350
Colour Temp:	2200
Colour Rendering:	90
Efficiency:	87.5
Lamplife:	15000
Suitable:	Indoor
Selling Pack Size:	6
Nett Weight (kg):	0 kg
