DAVID HUNT lighting

(PACK

of 6) LED ES/E27 GLS Light Bulb (Lamp) 7.2w 806lm 2700k

This LED GLS bulb by Dar Lighting consumes just 7W of electricity, making it a highly energy-efficient alternative to traditional incandescent bulbs. The bulb is dimmable and compatible with modern dimmers designed for LED light sources. Additionally, it can be used with a standard ON/OFF switch if dimming functionality is not required.

The bulb features an ES (E27) cap and a clear glass envelope. When switched off, the LED filaments exhibit a yellow-orange hue, typical of most LED bulbs. However, once illuminated, the filaments are not visible, and the bulb emits a consistent light. It reaches full brightness in under 0.5 seconds, providing instant illumination, unlike older fluorescent energy-saving lamps that often flickered upon activation.

The LED candle bulb has a colour temperature of 2700K, offering a warm white light similar to that of a traditional incandescent bulb.

This energy-saving lamp delivers 806 lumens, equivalent to the light output of a conventional 60W bulb.

With a lifespan of 15,000 hours, it lasts over ten times longer than a standard incandescent bulb, ensuring long-term reliability and reduced maintenance.

SPECIFICATIONS:

Product code:	BUL-E27-GLS-F1
Measurements:	H10.6 x Ø6cm
Shade Included:	Not Required
Primary Bulb Detail:	1 x 7.2w max ES GLS
Bulb Included:	Lamp not included
Lumens:	806
Colour Temp:	2700
Colour Rendering:	90
Efficiency:	111.9444
Lamplife:	15000
Suitable:	Indoor
Selling Pack Size:	6
Nett Weight (kg):	0 kg
	k
