

BUSHWICK

Table Lamp Antique Brass and Glass

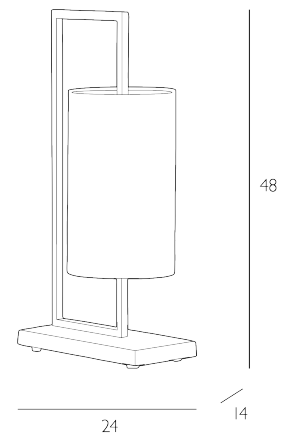

The Bushwick Table Lamp is a refined expression of contemporary industrial design, defined by clean lines and balanced proportions. A slender antique brass frame creates a confident architectural outline, enclosing a clear glass cylinder that showcases the light source within. This interplay of solid metal and transparent glass gives the piece a light, sculptural quality, offering visual interest both illuminated and unlit. Elegant yet purposeful, Bushwick is ideally suited to desks, consoles and side tables, bringing a considered, design-led presence to modern and heritage-inspired interiors alike.
