

How to...

BUILD A PAINTED FITTING

1. SELECT YOUR PRODUCT

choose your base code on pages 296–298

2. SELECT YOUR FINISH COLOUR*

41 Butter brass
50 Polished chrome
75 Antique brass

3. SELECT YOUR OUTER COLOUR

4. SELECT YOUR INNER COLOUR

from our core colour palette above, or a unique metallic finish on selected products*

11 Self coloured
21 Butter brass
14 Polished copper
15 Polished chrome
16 Antique brass
17 Brushed chrome
20 Gloss white

5. SELECT YOUR CABLE

from a range of two or three core options

C00 Clear PVC
C01 White braided
C02 Ivory braided
C09 Dark blue braided
C10 Black braided
C12 Brown braided
C13 Silver braided
C14 Oatmeal braided

6. SELECT YOUR OPTIONAL GLASS

a choice of clear or opal on selected products*

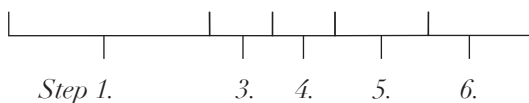

G00 Clear
G16 Opal

7. CREATE YOUR CUSTOM CODE

a customised product code should be hyphenated between each choice and follow the same formula as shown below

STN0199-06-20-C13-G00

This is the code for a small Station one light pendant with River Blue outer; gloss white inner; silver braided cable and clear glass shade

8. PLACE YOUR ORDER

after you've built your fitting, visit one of our approved retailers:

davidhuntlighting.co.uk/stockists

*Restrictions apply. To view our full range of fittings and options, please refer to the index on pages 296–298
